When using this peripheral apparatus, the following apparatus are necessary.
printer cable

It is judged whether or not this peripheral apparatus corresponds to the specified main body.

* Please input the name of type of the personal computer to be used.
For example, FMV/XXX

EXECUTION

In the case of NG:

FIG. 17A

Judgment results

☐ K

This peripheral apparatus can be connected with the personal computer main body to be used.

☐ close

FIG. 17B

Judgment results

☐ G

This peripheral apparatus cannot be connected with the personal computer main body to be used.
Please select peripheral apparatus again.

☐ close
